SERGIO ARAGONÉS MARGINALS XL

Seems like everything's getting smaller – just look at the new iPod minis, McDonald's de-super-sized menu and the svelter Randy Jackson (But don't look *directly* at him!). Which is why it's so momentous that Sergio Aragonés' "marginals" have actually gotten *larger*! Sure, we're just running them in the full, value-packed size that he submits them — but the important thing is, they haven't gotten *smaller*. And we're passing the savings on to you!
